### PROFILE SUMMARY

Experienced MERN Stack Developer with 8+ months of expertise in MongoDB, Express.js, Node.js, React.js and Next.js. Skilled in building full-stack web applications and creating efficient APIs. Strong problem solver with a passion for learning new technologies. Adept at both front-end and back-end development. Collaborative team player dedicated to project success

### WORK EXPERIENCE

#### Dione Company 2023 - 2024 WEB DEVELOPER

- I worked for 6 months at Dione Software House, primarily focusing on React.js to develop and enhance user experiences using the MERN stack. My efforts significantly contributed to project success and user engagement.

### PROJECTS

#### House of tutor

- Built a platform for university students to teach, learn, and manage courses with admin oversight.
